

## **ANNUAL HYDRANT FLUSHING PROGRAM**

The City of Marlborough will be starting its annual spring hydrant flushing program during the week of April 27, 2008. Some customers may experience dirty water as a result of the flushing program. The program is expected to last approximately four (4) weeks and will be accomplished during the hours of 7:30 am to 3:00 pm & 6:00 pm to 12:00 am Monday thru Friday. The department of public works regrets any inconvenience associated with the flushing of hydrants, however, the flushing process should result in higher quality water for all.

If you have any questions please call the Marlborough DPW Water Division at (508) 624-6910 Ext. 7400
