Re: Act on Alzheimer's

Honorable President Clancy and Councilors:

I am pleased to inform you about a grassroots initiative to make Marlborough a dementia friendly community by raising awareness of Alzheimer's disease and related dementias through an Act on Alzheimer's program. I have attached a letter from Christine Alessandro, the Executive Director of BayPath Senior Services which also discusses this program.

Thanks to a grant from the MetroWest Health Foundation for BayPath Senior Services, Council on Aging Executive Director Trish Pope and representatives from BayPath Elder Services, Hudson, and Northborough traveled to Minnesota to learn about the renowned work that Minnesota has been doing to care for individuals with Alzheimer's and related dementias.

This grant will also provide funding for BayPath to perform other initiatives, including an Action Team of community members, to identify Marlborough's needs and help support those with Alzheimer's and related dementias. Since Alzheimer's affects one in 9 individuals over the age of 65 and one in three over the age of 85, Act on Alzheimer's will benefit the elderly population in Marlborough.

At this time, there is no need for action by the Council, but I ask that this be referred to the Operations and Oversight Committee to give Executive Director Pope the opportunity to speak in greater detail about the program.

If you have any questions, please do not hesitate to contact me or Trish Pope.

Sincerely,

Arthur G. Vigeant
Mayor

Mayor Vigeant,

Thank you for your support of older adults in the City of Marlborough. It is evident, through both your words and actions, that seniors are a priority for your office. This cohort is among the fastest growing in the United States, and will need your continued support.

The rapidly expanding population of individuals over the age of 60 also means that there will be an increase in individuals with Alzheimer's Disease and related dementias. These individuals, and their caregivers, endeavor to remain in their homes and engaged in their communities. However, the stigma of dementia often means that folks are isolated in their homes, without the support of their communities.

ACT on Alzheimer's is an initiative that we are bringing to the communities of Marlborough, Hudson and Northborough. This grassroots initiative creates dementia friendly communities, raising awareness of the disease and reducing stigma, educating emergency responders, faith communities, businesses and other entities, as well as offering caregivers support, resources and information.

Statistically, one in 9 individuals over the age of 65 has Alzheimer's Disease, while 1 in 3 people over the age of 85 has the disease. The 2010 census indicated that there are 4,837 individuals 65 and over in the city of Marlborough, and this number will be significantly higher in the 2020 census. We have come to realize that there will be many people with Alzheimer's Disease and related dementias in Marlborough in the next 10 to 15 years.

Trish Pope, Director of the Marlborough Council on Aging and former City Council member, fully supports the Act on Alzheimer's initiative being implemented in Marlborough. We will form an Action Team of community members who will survey the community to determine what the needs of the community are to prepare to become dementia friendly. The Team will then develop an action plan to meet these needs. All community members will be encouraged to join our initiative.

We hope that you will also support this endeavor. Our goal is to have the city of Marlborough be a warm, welcoming and engaging community for individuals with Alzheimer's Disease and other forms of dementia.

Yours truly,
