 4. Finally ICS-300 classes scheduled for the end of the month for all Department Heads and Public Officials.
 5. As of today there has not been a Presidential Disaster Award for all the snow we have received, the State did not meet or exceed its threshold.
 6. Included in Budget, 4.9 point to point for the 800 MHz Radio for four primary sites @ a large cost savings on phone lines and more reliable.
 7. Fire Alarm Digitizer finally working with the IMC reporting system, still need computers for First Due Engines, for facility and Tier II information.
 8. Working with Conservation Officer Pricilla Ryder, City engineers Tom Cullen, and Commissioner, Ron LaFreniere, with Fema over the new Flood Maps for the City.
