Call to Order

January 12, 2026

The Meeting of the Marlborough Planning Board was called to order at 7:00 pm in Memorial Hall, 3rd Floor City Hall, 140 Main Street, Marlborough, MA. Members present: Sean Fay, Barbara Fenby, Patrick Hughes, James Fortin and George LaVenture. Member Absent: Chris Russ

First Order of Business: Planning Board Organization Meeting – Election of Chairperson and Clerk

Mr. Hughes was voted Acting Chair and opened the organizational meeting.

Mr. Hughes opened the nominations for the Planning Board Clerk. Dr. Fenby nominated Mr. George LaVenture, seconded by Mr. Hughes. There were no additional nominations. On a motion by Dr. Fenby, seconded by Mr. Hughes, the board voted to elect Mr. George LaVenture, as Clerk of the Marlborough Planning Board for the year 2026. Yea: Fay, Fenby, Fortin, and Hughes. Nay: 0. Motion carried. 4-0. Abstain: LaVenture.

Mr. LaVenture opened the nominations for the Planning Board Chairperson. Mr. LaVenture nominated Mr. Sean Fay, seconded by Dr. Fenby. There were no additional nominations. On a motion by Mr. LaVenture, seconded by Dr. Fenby, the board voted to elect Mr. Sean Fay as Chairperson of the Marlborough Planning Board for the year 2025. Yea: Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 4-0. Abstain: Mr. Fay.

1. Draft Meeting Minutes

A. December 15, 2025

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to accept and file the December 15, 2025, meeting minutes. Yea: Fay, Fenby, Hughes, and LaVenture. Nay: 0. Motion carried. 4-0. Abstain: Fortin.

2. Chair's Business

A. Draft 2026 Meeting Schedule

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to adopt the draft meeting schedule for 2026. Yea: Fay, Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 5-0.

B. Mosher Lane, Forest Trail Subdivision

i. Correspondence from Daniel J Burger, Esq. Connolly Burger, P.C.

Mr. LaVenture read the January 7, 2026, correspondence into the record.

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to accept and file the correspondence. Yea: Fay, Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 5-0.

Mr. Fay and Mr. LaVenture discussed the Board's intent on when to use the Home Rule Petition "H.R.P." for street acceptance. Mr. LaVenture explained the H.R.P. was meant to be a last-ditch option, when there are no other avenues available for street acceptance. The Board feels that not all avenues have been reviewed yet for Mosher Lane, Forest Trail Subdivision. The Board agreed they need to make a policy on when to use the H.R.P. Mr. Fay did make note of the title issues with Mosher Lane, however, agreed that more needed to be reviewed prior to using the H.R.P. Mr. LaVenture suggested at the next Working Group meeting, they can draft a memorandum on when the Board would see it appropriate to use the H.R.P. for street acceptance.

- i. Form A
- ii. Correspondence from George T. Bahnan, Esq.
- iii. Plan of land Dated: September 10, 2025

Brian Charville of Ferris Development Group, 118 Turnpike Rd, Southborough, MA 01772 spoke on behalf of the two ANR submissions for 130 Lizotte Drive. Mr. Charville explained these properties are part of a recently approved special permit through City Council and the Site Plan Review Committee. With these approvals they will be converting the existing building at 130 Lizotte Drive into 74 residential for sale condominiums. Two new buildings are to be built. He explained the intent is that each building will be owned by its condominium members; by creating these separate parcels each condo will have its own area of responsibility, opposed to sharing lots together.

Mr. Charville went over the two ANR plans for the Board and the Board asked general questions about the development.

B. 130 Lizotte Drive, Marlborough, MA 01752

Applicant & Owner: FD 130 Lizotte, LLC, 118 Turnpike Road, Suite 300, Southborough, MA 01772

- i. Form A
- ii. Correspondence from George T. Bahnan, Esq.
- iii. Plan of land Dated: January 6, 2026

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to refer items 3.A and 3.B ANR Plans for 130 Lizotte Drive map and parcels 90-83 and 90-2A to Engineering for review. Yea: Fay, Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 5-0.

On a motion by Mr. LaVenture, seconded by Dr. Fenby, the Board voted to accept and file the correspondence under items 3.A and 3.B. Yea: Fay, Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 5-0.

City Council Vice President, Kathleen Robey agreed to forward the special permit to the Board for their files.

i. Correspondence from City Solicitor, Jason Grossfield

Mr. LaVenture read the December 15, 2025, correspondence into the record.

- (1) Acceptance Plan
- (2) Open Space Deed
- (3) Easement Deed
- (4) Easement Sketch

The Administrator explained the above documents have been reviewed by the Legal Department and they were provided to the Board as an FYI and simply so they could see all the documents in one place.

ii. Draft Completion Bond – Secured by Real Estate

The Administrator explained the above document needs a referral to the Legal Department for review. The applicant used the previously approved performance bond document and revised it to be for a completion bond. She explained Thomas DiPersio made edits and so did the developers counsel, which are redlined in the document. The document would be deemed unnecessary if the street was to be accepted by Council first. However, the developer is eager to pull a building permit. She explained this is the first of this document, so she wanted the Boards input on potential revisions.

City Council Vice President, Kathleen Robey asked about language within the draft completion bond. Mr. LaVenture provided information on the Board's two separate guarantees: the performance guarantee and the completion guarantee.

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to refer the draft completion bond to the Legal Department for review. Mr. LaVenture requested the document be revised to reference the developers' requirements in accordance with the Planning Board's rules and regulations. Yea: Fay, Fenby, Hughes, LaVenture and Russ. Nay: 0. Motion carried. 6-0.

iii. Correspondence from City Engineer, Thomas DiPersio – Acceptance Recommendation

Mr. LaVenture read the November 25, 2025, correspondence into the record.

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to accept and file the correspondence. Yea: Fay, Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 5-0.

iv. Council Order No.25-1009620 – Request to accept Jewell Road as a public way – **Recommendation to Council**

City Council President, Michael Ossing explained there is no timeline for the Board's recommendation and provided the procedural process of the acceptance. He explained if Council receives recommendations from the Board, Legal and Engineering at their January 26, 2026, meeting, it would then be referred to Legislative and Legal Affairs. They would report back to Council for their February 9, 2026, meeting, where, pending any issue the Council would then accept the roadway.

City Council Vice President, Kathleen Robey addressed concerns on the completion bond document and Mr. LaVenture explained the reason why the Board has a separate guarantee, which is to ensure that the developer provides everything to the City that is required to allow the Council to debate whether or not to accept the roadway and based on Mr. DiPersio's recommendation letter, the City has received all of the necessary documents. Mr. Fay explained this document is a separate track from the street acceptance from Council.

**MINUTES
MARLBOROUGH PLANNING BOARD
MARLBOROUGH, MA 01752**

The Board deliberated their recommendation and concluded with the following vote:

On a motion by Mr. LaVenture, seconded by Dr. Fenby, the Board voted to recommend to the Marlborough City Council that Jewell Road be accepted as a public way and the appurtenant easements be accepted as municipal easements in the City of Marlborough. Yea: Fay, Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 5-0.

C. 0 Stevens Street (Tobin Road) – Progress Report

Mr. LaVenture read the December 22, 2025, correspondence into the record.

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to accept and file the correspondence. Yea: Fay, Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 5-0.

The Administrator explained she believes the land swap referenced in the progress report refers to the ANR that was recently approved by the Board.

6. Preliminary/Open Space/Limited Development Subdivision

A. 0 Howe Street and 0 Valley Street, Preliminary Subdivision Plan – **Set Public Hearing Date**

Applicant & Owner: Matthew Evangelous, 6 Butternut Lane, Bolton, MA 01740

Engineer: Jacob T. Lemieux, P.E., Hancock Associates, 315 Elm Street, Marlborough, MA 01752

Deed: Book: 64574 Page: 193

Map: 82 Parcel: 125

i. Form B

ii. Preliminary Subdivision Plan Dated: January 6, 2026

Jacob Lemieux of Hancock Associates, 315 Elm Street, Marlborough, MA spoke on behalf of the subdivision. He explained this is a preliminary subdivision filing for a 5-lot subdivision, with 4 duplexes and 1 single family home. There is an existing right-of-way that connects Valley Street and another private way that connects up to Howe Street. The roadway they are proposing is to remain private. It would be connected to Howe Street with a t-turn around for fire trucks. Stormwater would be handled on the rear of the property with a surface stormwater system. In the final design it may end up being subsurface stormwater system. The existing site has 3 zoning districts, the parcels are split by an old industrial district line which was an old railroad unloading dock area, which has been completely cut off from any other industrial areas. The rest of the property is primarily zoned Residence C with a small, cornered portion in the Business zone. He explained they do not intend to really do anything in the Business zoned area.

Mr. Lemieux explained there is 692 feet of roadway including the T-turn around. Utilities would be through Valley Street. He went over the list of waivers:

- 25'R for PL at intersection
 - o He explained the existing right-of-way doesn't have any radii on it; it's just a 90° connection. However, they would construct the roadway to the actual 25-foot radii that is required.
- 50' Row for Secondary Street
 - o The waiver request is to allow for the road to be developed in the exiting 40' right-of-way.
- 100' Minimum tangent distance between reverse curves

**MINUTES
MARLBOROUGH PLANNING BOARD
MARLBOROUGH, MA 01752**

- He explained because they are forced to meet the existing grades on the North side. They anticipate this being a small private roadway with a slow speed limit which would help with the lack of distance between curves.
- Sidewalks on both sides of the street
 - The request is to install sidewalks on only one side of the roadway, the side where the homes are to be.

Mr. Lemieux explained at the end of the roadway there's a turnaround that connects to the existing pavement that goes up to Howe Street and that there is a proposed crosswalk that leads to the entrance of the John Street Park.

Mr. LaVenture requested a waiver less plan. Mr. Lemieux said "we can certainly present one."

Mr. Fortin asked if they had considered the possibility of this roadway being a one way. Mr. Lemieux explained no, they had not considered that, however, they would need to improve up to Howe Street but agreed they could review this idea. Mr. Fortin's hope was to eliminate the t-turn around. Mr. Lemieux said the turnaround extends the roadway by about 200 feet, however, it provides access to the garage for the 5th lot. Mr. Fortin explained it could possibly be reduced to driveway size. Mr. Lemieux agreed.

Dr. Fenby explained the Board has seen this piece of property a couple times before and suggested showing the Board some of the issues that arose in the previous submissions. The Board tried to recall the previous issues. Mr. Lemieux explained Hancock was the engineer on the previous submissions, however the property now has a new owner. Mr. Lemieux agreed to look in his files for legal documentation.

Dr. Fenby and Mr. Fay recalled a lot of opposition from neighbors and suggested the developer hold some sort of neighborhood meeting before the public hearing.

Mr. LaVenture requested the Administrator locate meeting minutes from the past submissions. She agreed.

The Board discussed the procedural process and the 45-day clock on making a decision on the preliminary submission.

On a motion by Dr. Fenby, seconded by Mr. LaVenture, the Board voted to refer the 0 Howe Street and 0 Valley Street preliminary subdivision plan to Engineering for review and to set the public hearing date for February 9, 2026. Yea: Fay, Fenby, Fortin, Hughes, and LaVenture. Nay: 0. Motion carried. 5-0.

Marlborough Planning Board

RE: ANR Plan
 Lizotte Drive

Chair Fay and Board Members,

The Engineering Division has received the following two ANR Plans:

Plan 1:
 "Plan of Land, 130 Lizotte Drive, Marlborough, Mass."
 (Map ID 90/2A)
 Owner: 130 Lizotte, LLC
 Prepared By: Guerriere & Halnon, Inc.
 Dated: January 6, 2026
 Scale: 1" = 50'

Plan 2:
 "Plan of Land, 130 Lizotte Drive, Marlborough, Mass."
 (Map ID 90/83)
 Owner: 130 Lizotte, LLC
 Prepared By: Guerriere & Halnon, Inc.
 Dated: September 10, 2025
 Scale: 1" = 50'

The purpose of the plans is to subdivide each of the existing properties at 130 Lizotte Drive (Parcel 90/2A and Parcel 90/83), into two building lots. The divisions are associated with a site development plan for the properties for which the applicant has been granted a zoning change, special permit, and site plan approval. All of the new lots, "Lot 2A-1 and 2A-2" and "Lots 1A and 1B" have adequate frontage and area for the LI zoning district. The plan notes that "Zoning relief for the site's dimensional... nonconformities has been expressly granted and authorized pursuant to City Council's Special Permit Decision (Order No. 25-1009483E)...".

Based on our review, I can recommend endorsement of this ANR Plan. Should you have any questions regarding the above, please do not hesitate to contact me at (508) 624-6910.

RE: Beauchemin Estates Subdivision
Jewell Road – Acceptance as a Public Way with Easements and Open Space

Councilors,

The Engineering Division has inspected the status of the above-referenced roadway and determined that the work has been completed in accordance with the Planning Board's Regulations and the roadway has remained in satisfactory condition for at least one year.

We have received the Acceptance and As-Built Plans and they are acceptable. We have also reviewed the deeds to the roadway, the easements, and the Open Space Parcel.

Based on the Engineering Division's review and knowledge of the roadway conditions, I can recommend acceptance of Jewell Road with its appurtenant easements, as shown on the plan prepared by DK Engineering LLC entitled "Road & Easement Acceptance Plan", dated 10/31/25 (rev. 12/8/25), as a public way, and the associated Open Space parcel as City property.

Should you have any questions regarding the above, please do not hesitate to contact me at (508) 624-6910.

Sincerely,

Thomas DiPersio, Jr., PE, PLS

Re: Acceptance of Open Space Parcel: "Beauchemin Estates"
Subdivision / Open Space Development Special Permit

Dear Honorable President Ossing and Councilors:

Enclosed for consideration, please find a proposed order to accept a deed to the City of Marlborough for the open space parcel, comprising 2.16+/- acres of land, in connection with the above-referenced subdivision. Pursuant to MGL c. 40, s. 8C, the parcel would be placed under the management and control of the Conservation Commission for purposes of the promotion and development of natural resources, watershed protection, passive recreation and conservation.

For reference purposes, please also find enclosed a copy of the relevant subdivision plan and a GIS map showing the open space parcel. Please feel free to contact me if you have any questions.

Respectfully,

Jason D. Grossfield

Sean Fay

Chair, Planning Board
City of Marlborough
135 Neil Street
Marlborough, MA 01572

Dear Mr. Fay and members of the Board,

On behalf of our client, Matthew Evangelous, we respectfully request the **withdrawal without prejudice** of the open application for preliminary subdivision review. We intend to resubmit the application once the legal questions regarding access rights for the lot have been fully explored.

We also respectfully request that the filing fees be **waived for the resubmission**, as the forthcoming application will be a continuation of the current proposal.

Thank you for your consideration, and please let us know if any additional information is required to process this request.

Thank you for your consideration.

Meeting on December 19, 2016

- Discussion regarding the waiver to reduce the Right-of-Way width to 40 feet without first showing a 50-foot Right-of-Way
- Board voted to grant an extension for making a decision to April 1, 2017 and to continue the discussion at the next meeting (January 9, 2017)

Meeting on January 9, 2017

- Legal Dept. gave an opinion regarding the use of the 40-foot strip of land (owned by the Heirs of Stetson and the Heirs of Howe) as a contemplated street – “The “Contemplated Street” was intended in 1896 to provide access to the Mary Howe property and it continues to exist as an easement appurtenant to her property. The current developer is intending to utilize the “contemplated easement” as the roadway to access the proposed subdivision. Since the railway property (section zoned Industrial) was acquired by the one of the developer’s predecessors in title in the 1960s, decades after the appurtenant easement had been conveyed to provide access to the Mary Howe property, the legal problem is that the after-acquired railway property cannot legally be added to the dominant estate, which is the former Mary Howe property, at least not without consent of the owners of the properties abutting the other (west) side of the proposed subdivision road. Absent that consent, use of the easement to access the portion of

the development parcel consisting of the after-acquired railway property would impermissibly 'overload the easement'"

- The Planning Board is waiting on a submission of a "waiverless" plan (showing a fifty-foot right-of-way) for review before considering a waiver for a forty-foot right-of-way.
- Scheduled to be on the agenda for January 23, 2017 for further discussion.

Meeting on January 23, 2017

- Developer's attorney communicated that they are still working on meeting the Board's requirements.
- Voted to request that the developer's attorney appear on behalf of the developer at the next Planning Board meeting (February 6, 2017).

Meeting on February 6, 2017

- The Board and Atty. Bergeron discussed the use of the former railroad section of the proposed subdivision. Atty. Bergeron did not agree with the position stated by the City Solicitor.
- Atty. Bergeron stated that the developer did not have enough land to provide a plan that did not include having waivers associated with the plan.
- Regarding the section of the subdivision that was formerly the railroad property, the consensus of the Planning Board was that absent proof to the Board's satisfaction and the satisfaction of the City Solicitor that the overloading issue has been addressed, the Board should not entertain a discussion on the merits of the requested waivers. The Board instructed Atty. Bergeron to clear up the issues collaborating with City Solicitor Rider.
- Attorney Bergeron will be asking for an extension on a decision from the April 1, 2017 deadline at the next meeting.

Meeting on February 27, 2017

- The Board approved a request by the developer to extend the deadline for making a decision on the subdivision until July 1, 2017.
- Atty. Bergeron stated that the City Solicitor had brought a potential issue to his attention regarding the proposed subdivision. The proposed subdivision is a lot split into two zoning districts with the railroad land being the more restrictive Industrial district. Use of the former railroad land portion of the proposed subdivision as the location for the detention basins would not be passive use of the land in question, but rather would be prohibited as an active use of that land serving the Residence C portion of the proposed subdivision.
- Atty. Bergeron stated that if this were true that it would be considered a fatal flaw in the subdivision application and the developer would then reconsider the subdivision application.

Meeting on March 13, 2017

- Atty. Bergeron sent late word that he would not be in attendance at meeting for discussion regarding the subdivision.

Meeting on April 24, 2017

- Developer requested that the subdivision plan be allowed to be withdrawn without prejudice – The Planning Board accepted the request without prejudice and placed it on file.
-

Meeting April 2, 2018

- Definitive Subdivision submission accepted.
- Scheduled the Public Hearing for May 21, 2018
- Decision deadline will be July 23, 2018
- *Outstanding issues, from previous submission which was withdrawn without prejudices:*
 - *Legal use of the 40-foot strips of land owned by the Heirs of Stetson and the Heirs of Howe.*
 - *The developer will need to show that they can legally deed to property to the City of Marlborough when the roadway is Accepted as Public Ways.*
 - *This has not been resolved.*
 - *Submission of a “Waiverless Plan” – showing a 50-foot Right-of Way*
 - *The developer has not produced this plan.*
 - *Use of the land zoned as Industrial in the Definitive Subdivision Plan (in a RC Zone)*
 - *The revised plan does not show ant permanent structures in the Industrial Zone land.*
 - *Portions of Drain Easements are located in the Industrial zoned land*
 - *Temporary sedimentation basins and swales are proposed in the Industrial zoned land.*
- *Issues raised during a preliminary review of the revised Definitive Subdivision Plan submission:*
 - *The roadway is being developed using a “Lane” status, which only required 26 feet of pavement, instead of a minimum paving width of 28 feet. The maximum number of potential dwelling units allowed with a lane is eight. The development proposed 4 duplexes (8 units) and there are two existing dwelling units (#138 & #140 Howe Street) which will have use of the Lane, bring the number of potential dwelling units to 10 units.*

DEFINITIVE SUBDIVISION PLAN – MARLBOROUGH HUB, LLC
PLANNING BOARD MEETING CHRONOLOGY

- *The paving width changes to 15 feet at the beginning of the driveway for Lot 4 and matches the existing paving width at the driveway for #138 Howe Street. This is inconsistent with the 26-foot wide paving width for a "Lane", if in fact a Lane status is granted to the developer.*
- *The roadway drainage system is proposing to use an underground infiltration system located on private property. The roof drains are proposing to connect to the same system. Roadway drainage systems must utilize above ground detention basins and be separate from private drainage systems.*
- *Construction easements/agreements need to be secured from the following homeowners:*
 - *#140 Howe Street – disconnection/connect of sewer and water services*
 - *#138 Howe Street – disconnection/connect of sewer and water services and reconstruction of retaining walls*
 - *#43 Valley Street – disconnection/connection of sewer service and regrading of an area next to a proposed retaining wall*

July 23, 2018

- The Board approved a request by the developer to extend the deadline for making a decision on the subdivision until September 28, 2018.

August 27, 2018

- Questions raised by Asst. City Solicitor (Cynthia Panagore Griffin):
 - Regarding the Subdivision Application, Planning Board rules and regulations state that all owners with fee interests in the development be included on the subdivision application. Case law from the Town of Somerset concluded that the Planning Board cannot waive owners' rights, that the subdivision approval was a nullity because all owners were not joined on the application, and that all owners must be joined on a covenant.
 - Marlborough Hub, LLC should make clear their intentions regarding the owners, and while the Planning Board may not waive its requirement that all owners be joined on the application for subdivision approval, one option may be to consider whether it would accept written consent of the owners.
 - Applicant's representative indicated that he believes a memo on this very issue exists that may offer some insight into ownership rights. He will review their file and share his findings.
- The Board approved a request by the developer to extend the deadline for making a decision on the subdivision application until September 10, 2018.

DEFINITIVE SUBDIVISION PLAN – MARLBOROUGH HUB. LLC
PLANNING BOARD MEETING CHRONOLOGY

January 28, 2019

- The Board approved a request by the developer to extend the deadline for making a decision on the subdivision application until February 11, 2019.
- The Board approved a request by the developer to extend the deadline for making a decision on the subdivision until February 28, 2019.
- The Board had many questions regarding the status of the subdivision plan and whether the remaining issues could be resolved within the timeframe of the requested extension. The applicant (Mark Evangelous) was present and indicated his attorney filed a proposed zoning amendment for the project and that easement negotiations are ongoing. The Board agreed to suspend further discussions until the developer could have his representatives present.
- The discussion of the Board thereafter focused only on the timeframe of the requested extension, potential increased lot size, and the pending zoning amendment. The Board felt that the issues related to the proposed development would likely require much more time to resolve than the requested extension. In addition, it was the consensus of the Board that the proposed changes would require a new public hearing. As such, the Board suggested to Mr. Evangelous that he withdraw the current proposal and resubmit once the remaining issues have been resolved. The Board suggested that Mr. Evangelous not agree to the withdrawal until he consulted with his representation. The matter will be further discussed on February 11, 2019, with the expectation that Mr. Evangelous will convey his decision regarding withdrawal and resubmitting once the zoning amendment request is resolved.

February 11, 2019

- The Planning Board voted to grant Hancock Associates' request to close the public hearing on the definitive subdivision application, which hearing had been opened at a regular meeting of the Planning Board on May 21, 2018

RE: Legal Interests of Marlborough Hub, LLC
 in Map 82, Parcel 125A and Map 82, Parcel 125B (Paper Street)

Dear Dr. Fenby and Members of the Planning Board:

You have asked the Legal Department to provide an opinion concerning legal matters attendant to Marlborough Hub, LLC's (hereinafter, "MH") proposed subdivision of land located off Valley Street and Howe Street. As you know, MH owns land identified as Assessors Map 82 Parcel 125, which land abuts a t-shaped paper street identified as Assessors Map 82 Parcels 125A and 125B.

In particular, we have determined that the fee interest is split down the middle of said paper street, with title thereto running to abutters on each side. MH owns the fee interest from its abutting property line to the centerline of the paper street. Likewise, the abutters opposite from MH own the fee from their property lines to the centerline of the paper street. Accordingly, along the length of the paper street, MH owns one-half and the other abutters own the other half.

Additionally, MH and the other paper street abutters possess easement rights to pass and repass over and along the entire width and length of the paper street, which includes the right to make it passable (by paving, for example). By deed, MH has the additional right to install utilities in the paper street, including electricity, sewer and drains, subject to the rights of other abutters to pass and repass. By § 5 of chapter 187 of the Massachusetts General Laws, however, all abutters (including MH) have rights to install utilities in the paper street subject to the rights of other abutters to pass and repass.

If you have any additional concerns, please let us know.

Very truly yours,

 Cynthia Panagore Griffin
 Assistant City Solicitor

IN CITY COUNCIL

Marlborough, Mass., _____ SEPTEMBER 21, 2020

ORDERED:

THAT, PURSUANT TO § 5 OF CHAPTER 40A OF THE GENERAL LAWS, THE CITY COUNCIL OF THE CITY OF MARLBOROUGH HEREBY ORDAINS THAT THE ZONING ORDINANCE OF THE CITY OF MARLBOROUGH, AS AMENDED, BE FURTHER AMENDED BY AMENDING THE ZONING MAP, SECTION 650-8, AS FOLLOWS:

That the land off Valley Street owned by Marlborough HUB, LLC., shown on Assessor's Map 82 as Parcel 125, presently zoned partly "Residence C" and partly "Industrial", be rezoned entirely as "Residence C", as said industrial portion parcel 125 is contiguous to the proponent's residentially zoned portion of Assessors' Parcel 125, and neither contiguous to any other industrially zoned land, and not practical or feasible for lawful industrial uses.
