

Ghiloni Nature Trail Marlborough State Forest

These two areas together make up 125.6 acres of various terrain. Abutting Ghiloni Park, this trail system includes a self-guided interpretive Nature Walk and many different woodland trails. This is one of the biggest trail systems in the city.

Visit the Native Pollinator Garden located near the track and the Woodland Shade Garden along the trail connecting Ghiloni Park and the Access Road to learn more about our native plants and pollinators.
